Participation can also earn your team the **Ambassadors of Compassion program once the fundraiser is completed.**

**Ambassadors of Compassion builds Emotional Resiliency and Promotes Connectedness.**

Our innovative, coach-led resiliency building program equips students to succeed academically, socially, and in life. Over 60,000 students have completed the program and it is scientifically measured and proven to increase emotional resilience and mental wellness. Independent research also verifies reductions in aggressive behavior and self-harm, as well as increases in academic performance and test scores. **Raise money and help prepare your athletes to succeed academically, socially, and in life with the Ambassadors of Compassion program.**

“

In my 25 years working with complex students, the Ambassadors of Compassion Program results are the most positive I’ve ever seen... the Ambassadors of Compassion journey adds that missing component of developing character. It develops youth from the inside out.” —WAYNE HAMMOND, PHD
